Fruit Observations: Spreading Seeds

Fruits help transport seeds to new locations. Can you find the variety of fruits that exist in the Garden?

★ California Poppy ★ Box Elder

gton
ak
258 ft.

★ Island Barberry

★ Summer Holly

California
★ Buckeye

Prickly Pear
★ Cactus

★ Clematis

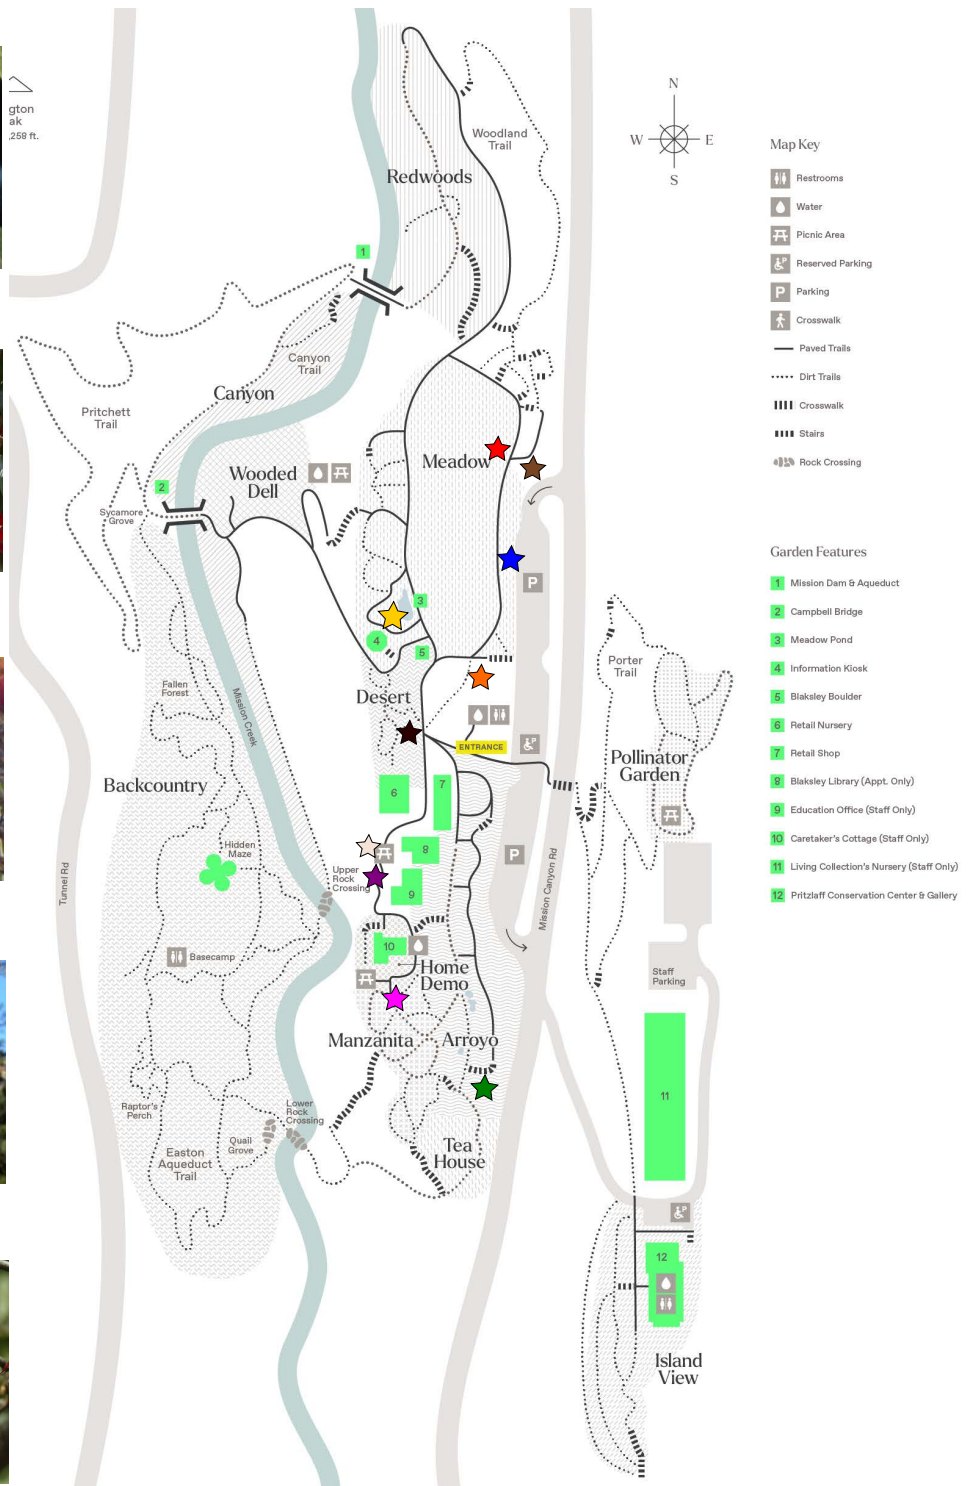

★ Wild Grape

★ Blue Elderberry

★ Redbud

Do you see any fruit that are still developing (small or green) or that have ripened and fallen?
