### Content & Capacity

#### **What is a Self-Guided School Visit?**

A Self-Guided School Visit is an opportunity to visit the garden and explore at your own pace. Unlike Guided School Tours, Self-Guided School Visits are not led by a Nature Educator or docent. The only difference between a Self-Guided School Visits and regular admission is that we offer school groups a reduced admission rate. Self-Guided Visits are recommended for large groups or groups with various age levels in attendance.

#### **Who qualifies for a Self-Guided School visit?**

School groups or Youth Organizations who are visiting the Garden to support their learning objectives. Groups who are hosting classes for paid participants do not qualify.

#### **What resources are available for our Self-Guided School Visits?**

Please see our [Self-Guided Materials Packet](#) for teacher resources.

#### **When are Self-Guided School Visits offered?**

Self-Guided School Visits are offered Mondays, Wednesdays, and Fridays throughout the school year. Please contact us to check availability for scheduling visits at any other time.

#### **How many people can come on a Self-Guided School Visit?**

We are able to accommodate groups of up to 40 people. If your group is larger, please contact us to see if we can accommodate your group.

#### **How many chaperones can attend?**

We do not limit the number of chaperones for a Self-Guided School Tour, though the maximum capacity for the entire group is 40. Every person on the tour will be charged admission.
