What is Ativan (Lorazepam)?

Ativan (Lorazepam) is a benzodiazepine medication commonly prescribed to treat anxiety, panic attacks, and sleep disorders. It works by enhancing the effects of GABA (gamma-aminobutyric acid) in the brain, promoting relaxation and calmness.

Ativan is commonly prescribed for:

- Generalized anxiety disorder (GAD)
- Panic attacks
- Short-term insomnia
- Stress and tension management
- Pre-procedure anxiety relief

At MedsFedEx.com, Ativan is available in multiple dosages and formulations, all eligible for overnight delivery with Real Proof and Picture Taken Now to ensure complete transparency.
